

# WOODLAWN EARLY YEARS SCHOOL

**Karen Fraser - Principal**  
**Tara Reimer- Vice Principal**

*Woodlawn School is an environment where  
education and culture empowers our students  
to grow into caring, connected and  
contributing global citizens.*

## **STUDENT LED CONFERENCES - TUESDAY, MARCH 19, 2019**

Student led conferences are an opportunity to meet with your child's teacher and to see the wonderful work that has been happening in the classroom during this past term. The teacher will conference with you and your child for a ten minute period. Your child and teacher will share his/her learning with you. Children and parents are invited to be in the room for an additional 10 minutes after your conference time to allow sufficient time for browsing and discussing the learning.

Communication about learning can occur effectively in student involved and student-led conferences. The more student involvement there is, the more effectively the communication can support learning.

Please be aware that there may be more than one family in the classroom at the same time. If you or the teacher feel an additional private conversation is warranted without your child or another family present, this can be scheduled at a separate time, before or after the student led evening and can take place face to face or by telephone. This can be requested from either yourself or your child's teacher. Please feel free to request this from your child's teacher if required.

All parents are asked to register for a student led conference appointment for each of their children through their parent portal account.

For your convenience, you will be able to book appointments for your child/children through your parent portal account starting March 4th. We ask all parents to register for an appointment through your parent portal account by the end of the day on March 18th. If you are having difficulties booking your appointment or do not have internet access please call the school **between 10:00 and 2:00** for assistance.
